**Subject:** Chip Bids

Deb,

It looks as though LeGrand has made an honest mistake in their initial bid on the chips to be delivered to Garden City due to the old map issue. Since there requested price adjustment is still lower than the next bidder, I am authorizing you to invoke the price change from \$19.45/cu yd to \$35.50/cu yd. This is still \$2.42/cu yd less than the next low bid.

In addition, please award LeGrand an FOB contract for chip to be hauled out of their Cache Valley Pit. With the cost of trucking the chip from Parsons Brigham pit, it will be more economical for us to use the chips from LeGrands Cache Valley pit eventhough their cost is a little higher. By awarding this to LeGrand we will see a cost saving on the project as compared to hauling from Brigham City.

Let me know if you need anything else.

Thanks,

Kevin E. Griffin P.E.

Re: Contract # 069140  
Bid # TO6002

Dear Ms. Boulton:

We recently wrote to you with reference to unit prices on one of the items awarded to us on the above mentioned contract/bid.

In that letter we referred to the unit bid price in the contract/bid as \$19.45/ton. It should have been \$19.45/cy.

We also referred to a proposed unit price of \$35.50/ton. It should have been \$35.50/cy.

Please consider the cubic yard unit prices not the ton.

Sorry for the error.

Sincerely,

LE GRAND JOHNSON CONSTRUCTION CO.

Larry L. Jardine

Re:    Seal coat cover material  
      Bid #T06002  
      RX#: 8106600000056

Dear Debra,

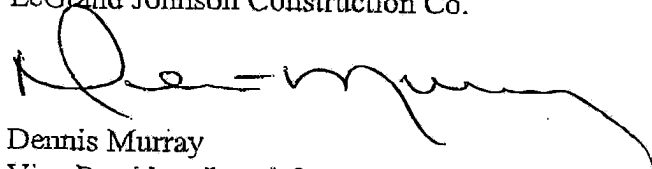

In reference to bid item #2 cover material to be delivered to SR 30 M.P. 113.8 on the above bid number, I used a map produced by UDOT that shows M.P. 113.8 to be located on SR 30 near the UDOT shed #1436 in Logan. I talked to the shed foreman before the bid and he stated that it was the correct place. After the bid results were posted I noticed a big difference in our bid and the second bid. After further investigation I discovered that the mile posts had been changed and that M.P. 113.8 is located in Bear Lake Garden City area.

Enclosed are copies of the maps I used which show M.P. 116 ending at 200 North Main in Logan and starting again at Garden City.

I guess I should have verified that the map I was using was the correct one. Any relief on this matter would be appreciated.

Enclosed you will find a copy of the bid tab and the maps that were used. After you have time to review this please contact me at 435-752-2000 Ext 223. Thank you for your help on this matter.

Sincerely,  
LeGrand Johnson Construction Co.

RE: Cover Coat Material  
Bid # T06002

Dear Ms. Boulton:

Our Dennis Murray has contacted you previously with reference to the Cover Coat item to be delivered to SR 30 MP 113.8 award to us under the above RFQ #.

We used a UDOT map showing MP 113.8 to be located on SR 30 near the Logan Shed #1436. We also made contact with the shed forman prior to the bid and he confirmed that MP 113.8 was near the Logan Shed. Later it was discovered that MP 113.8 is in the Garden City, UT area.

We bid the item and were awarded the contract based on our bid to deliver to the Logan Shed area.

You have suggested that we provide you with a unit price per ton for the material to be delivered to the Garden City area. Our unit bid price to the Logan Shed area was \$19.45 per ton. Considering the new location and the additional haul only please consider \$35.50 per ton as our unit bid price.

We would appreciate your help on this matter in getting the unit price adjusted to the new location.

We look to hear from you on the matter.

Sincerely,

LE GRAND JOHNSON CONSTRUCTION CO.

Larry L. Jardine
